Digital citizenship
Citizenship gives you the opportunity to fully participate in building our democratic nation. It means that you are ready to fulfil your responsibilities as a formal member of the Australian community. Australians believe in the dignity and freedom of each person, the equality of men and women and the rule of law. Australian citizenship is about living out these values in your everyday life.
Digital citizenship gives you the opportunity to fully participate in building our democratic virtual nation. It means that you are ready to fulfil your responsibilities as a formal member of the Australian online community.
