

RESEARCH WEEK

16–20 September 2019

Library workshops and presentations

#UQResearchWeek2019 #peerreviewweek2019  UQ_Library uq.edu.au/researchweek

Research Week 2019 (16–20 September) is a recognition of the University's research focus and achievements. Come to workshops and presentations on research tools, platforms, services and strategies and accelerate your success.

St Lucia campus

Monday 16 September

11–11.30am

Room: 51-340
Architecture and Music Library

Research Connections: iThenticate **INFORMATION SESSION**

Learn tips for working with iThenticate, a text matching software tool. iThenticate is available to all UQ staff and Higher Degree by Research (HDR) candidates.

2–2.30pm

Room: 50-L202
Dorothy Hill Engineering and
Sciences Library

Research Connections: ORCID **INFORMATION SESSION**

ORCID connects your research with the world. We can help you set up and populate your ORCID, or answer any questions you have.

Tuesday 17 September

10–11.30am

Online

Digital Research Notebooks (LabArchives) training **WEBINAR**

- **Creating/accessing the notebook** from within RDM and adding collaborators
 - **Adding data to the notebook** – notebook navigator, entries, inbox, folder monitor, Office Online and the Office desktop plugin, widgets
 - **Managing data in the notebook** – revision history, searching, comments, tags, links, signing & witnessing, offline export tools
 - **Access management** – monitoring activities, managing collaborator permissions within LabArchives
- Attend on Zoom: uq.zoom.us/j/292623991

1–2.30pm

Room: 02-D217
Duhig Tower

EndNote: Getting Started **WORKSHOP**

This session will show you how to:

- set up an EndNote library
- add new references manually
- download references from the Library catalogue or a database
- attach PDF files of a journal article to an EndNote citation
- search, sort and group within the library
- choose an appropriate referencing style to use with EndNote
- use EndNote with Word to insert citations and create a bibliography

Register now: bit.ly/uql-training

1–3pm

Room: 02-D108
Duhig Tower

Metrics for Grant Writing and Promotion **WORKSHOP**

Metrics for Grant Writing and Promotion will provide information about publication metrics available to you to support claims about the quality of your research, engagement with your research, as well as how to demonstrate the extent of your research collaboration.

The hands-on aspect of this course will guide you through using Web of Science and Scopus to gather citation data as well as introducing you to benchmarking tools. This course will enable you to identify key metrics that will strengthen your grant proposals or applications for promotion.

Note: This workshop will focus on metrics for publications indexed in Web of Science and/or Scopus.

Register now: bit.ly/2mf0hvn

Library workshops and presentations

#UQResearchWeek2019 #peerreviewweek2019  UQ_Library uq.edu.au/researchweek

St Lucia campus continued...

2-4pm

Room: 02-D501
Duhig Tower

The power of great data visualisation **PRESENTATION**

This session will showcase how you can use your data to communicate effectively through visualizations. This covers introduction to different software suites and tools, introduction to basic considerations when planning your visualisations, as well as examples from some good visualization representations.

Wednesday 18 September

10-11am

Room: 01-W227
Law Library
or online

A guide to producing Video Abstracts **PRESENTATION** **WEBINAR**

This session will explore the world of Video Abstracts, and present a guide on the best way to harness the power of these videos to enhance the engagement with, and impact of, your research.

Attend on Zoom: uq.zoom.us/j/393681031

10-11am

Room: 02-D501
Duhig Tower

Find me the money **PRESENTATION**

Need money for your research? This workshop will give you hands-on guidance to find funding opportunities using the Research Professional, Grantsearch Australia, and SPIN databases. You will be shown how to set up your own profiles so funding opportunities in your field will be sent to you.

2-3pm

Room: 01-W227
Law Library
or online

Internal Collaboration Networks: Using data visualisation to connect UQ researchers with shared interests **PRESENTATION** **WEBINAR**

This session will showcase how you can use your data to communicate effectively through visualisations. This covers introduction to different software suites and tools, introduction to basic considerations when planning your visualisations, as well as examples from some good visualisation representations.

Attend on Zoom: uq.zoom.us/j/100728761

2-4pm

Room: 51-340
Architecture and Music Library

**Research Connections: Wikipedia Edit-a-thon
Writing architecture articles for Wikipedia** **WORKSHOP**

Celebrate Research Week with the Library and make research connections. Wikipedia is an open content encyclopedia and a key way to help the public and academic community research a topic. Learn how to write a page and help the Wikipedia community build content about Queensland architects, buildings or other related themes. Please create a Wikipedia editor login before the class.

Register now: bit.ly/2swowro

Thursday 19 September

11am-12pm

Room: 02-D426
Duhig Tower

Straight to the source: Using original material in research projects **DROP-IN SESSION**

Scientists, artists and anthropologists alike have unearthed original material in Fryer Library's collections to trace patterns or generate new meaning. In this session, we will discuss recent projects undertaken at Fryer using Indigenous language material, an artist's personal papers, and historical geological research which have led to non-traditional outputs like metadata enhancements, artwork and creative writing. Find out how using original material can make your research projects more meaningful or even inspire a new one!

12-1pm

Level 2, Dorothy Hill
Engineering and Sciences
Library

Research Connections: Author Talk **PRESENTATION**

Hear three different perspectives on research publishing presented by experts in the field. We encourage you to participate in an informal conversation and share your own experiences, be it highlights, pain points or general advice for others thinking of publishing.

Friday 20 September

10.30-11am

Room: 50-L202
Dorothy Hill Engineering and
Sciences Library

Research Connections: ORCID **INFORMATION SESSION**

ORCID connects your research with the world. We can help you set up and populate your ORCID, or answer any questions you have.

11.30am-12pm

Room: 51-340
Architecture and Music Library

Research Connections: iThenticate **INFORMATION SESSION**

Learn tips for working with iThenticate, a text matching software tool. iThenticate is available to all UQ staff and Higher Degree by Research (HDR) candidates.

12-1pm

Room: 01-W227
Law Library

Using academic social network sites **PRESENTATION**

This session will explain what academic social network sites are, the pros and cons of using them, and how to use them successfully to increase the visibility of your research.

Library workshops and presentations

#UQResearchWeek2019 #peerreviewweek2019  UQ_Library uq.edu.au/researchweek

Gatton campus

Monday 16 September

12-1pm

Room: 124
J. K. Murray Library

Research Connections: ORCID **INFORMATION SESSION**

ORCID connects your research with the world. We can help you set up and populate your ORCID, or answer any questions you have.

Tuesday 17 September

1-2pm

Room: 124
J. K. Murray Library

Research Connections: ORCID **INFORMATION SESSION**

ORCID connects your research with the world. We can help you set up and populate your ORCID, or answer any questions you have.

Wednesday 18 September

10-11am

Online

A guide to producing Video Abstracts **WEBINAR**

This session will explore the world of Video Abstracts, and present a guide on the best way to harness the power of these videos to enhance the engagement with, and impact of, your research.
Attend on Zoom: uqz.zoom.us/j/393681031

11am-12pm

Room: 124
J. K. Murray Library

Advanced Research Skills **INFORMATION SESSION**

- Locate key science databases
- Find highest rating journals
- Stay up-to-date with alerts

Register: bit.ly/uql-training

2-3pm

Online

Internal Collaboration Networks: Using data visualisation to connect UQ researchers with shared interests **WEBINAR**

This session will showcase how you can use your data to communicate effectively through visualisations. This covers introduction to different software suites and tools, introduction to basic considerations when planning your visualisations, as well as examples from some good visualisation representations.
Attend on Zoom: uqz.zoom.us/j/100728761

Thursday 19 September

11am-1pm

Room: 124
J. K. Murray Library

EndNote for Thesis Writing **WORKSHOP**

Prior Endnote experience Essential.

- Backing up
- Cleaning up a Library
- Syncing basics'
- Style editing
- Journal term lists
- Combining libraries & merging chapters
- Endnote Library recovery

Register now: bit.ly/uql-training

Herston and PACE campuses

On Demand

Too busy to attend a session?

We have material that you can listen to or watch on demand.

LISTEN

Scholarly Soup Podcast

The Scholarly Soup Podcast covers pressing matters within the Higher Education and scholarly communication landscape. We talk with experts, researchers and professionals and share their ideas and opinions.

Episode 1

The Library does that?

Featuring University Librarian Caroline Williams

bit.ly/2jwkgm

Episode 2

Conferences: What's your return on involvement?

With Professor Bronwyn Harch & Alicia Dodemont

bit.ly/2jW8yfi

WATCH

Overleaf

This webinar (recording) delivered by the Overleaf team explains how you can benefit from using the Overleaf platform.

Overleaf is an online collaborative writing and publishing tool that makes the whole process of writing, editing and publishing scientific documents much quicker and easier.

The University of Queensland Library is providing free Overleaf Pro+ accounts for all students, faculty and staff who would like to use Overleaf for their projects.

Watch the webinar recording: bit.ly/2kra3cc

Publons

UQ Research week falls on the same dates as the international Peer Review Week. Keep up-to-date with the latest news, watch videos, and participate in live discussions around the theme — Quality in Peer Review: bit.ly/2kqtsdb2
